57	05-07-2025	DISTRICT COOPERATIVE OFFICE	KALYANPUR GARHWA	PACS LAMPS	DCO GARHWA	"Ek Ped Maa Ke Naam"	DCO OFFICE	On 05.07.2025 at 10:00 am, more than 150 plants were distributed in PACS and LAMPS at Garhwa District Cooperative Building so that they too can become a part of the campaign "Ek Ped Maa Ke Naam" run by the government. The basic objective of this campaign is related to the environment, to spread awareness about environmental protection and to express respect towards mothers. Today, various types of trees and plants were distributed through the District Cooperative Department Garhwa, which include guava, mahogany, green, custard apple, silk cotton, Chhatvan, amla, neem, karanja, jackfruit, jamun, teak etc.	Ek Ped Maa Ke Naam is an effort that shows our respect and dedication towards our motherland and nature. The role of mothers in nurturing life and the contribution of trees and plants in the health of the earth are considered to be the same. Trees are life-giving and they too, like a mother, provide nutrition, protection and future to their next generation.	25	02:00 Hr	Through this campaign, people were encouraged to plant trees in large numbers so that our environment will be protected and pollution will be reduced significantly through tree plantation.

58	01-07-2025	DISTRICT COOPERATIVE OFFICE	All Block Of Garhwa	PACS LAMPS	DCO GARHWA	International Year of Cooperatives 2025	GARHWA PACS OFFICE	Under the International Cooperative Year 2025, various activities of the cooperative sector have been started from 01 to 06 July, of which today is the first day. On 01.07.2025, all special types of committees held annual general meeting in the area of the committee. All MPCs, all FPOs, senior audit officers and all cooperative extension officers of Garhwa district present in the meeting organized programs in their respective blocks. Geo-tagged photos of the said program were also obtained.	The Annual General Meeting of FPO (Farmer Producer Organization) is an important event in which the members discuss the functioning, financial status and future plans of the farmer organization. This Annual General Meeting has been organized for the members of the organization to come together and share their views and work together to improve the organization. Along with this, model auditing of all MPCs of the block was done so that the project of any scheme could be examined in depth, so that it can be known whether it is working properly or not, whether the rules are being followed according to the plan or not, whether the money of the scheme is being spent at the right place or not, so that transparency is maintained.	13	01:00	This event was organized in all the 12 societies along with PACS/LAMPS of Garhwa. Under the International Cooperative Year 2025, the executive meeting was held, the annual general meeting was held and model auditing was done in the committees. During the annual general meeting, people praised the work and achievements of the committee.		
59	02-07-2025	DISTRICT COOPERATIVE OFFICE	All Block Of Garhwa	PLCS LAMPS	DCO GARHWA	International Year of Cooperatives 2025	GARHWA PACS OFFICE	Under the International Cooperative Year 2025, various activities in the cooperative sector have been started from 01 to 06 July, of which today is the second day. On 02.07.2025, all special types of committees will organize activities in the area of work of the committee on 1. Financial literacy, 2. Capacity building, 3. Discussion on obstacles of cooperative societies, 4. Membership growth campaign in their respective blocks. Geo-tagged photos of the said program were also obtained.	The financial literacy campaign aims to actively engage youth/students of higher education institutions to encourage and motivate all payers and recipients to use digitally enabled cashless economic system for money transfer. Constraints faced by co-operatives often include difficulty in raising adequate capital, which hinders their growth and expansion. Co-operatives have to comply with a number of regulatory requirements.	13	01:00	Providing financial assistance to cooperative societies was discussed, especially in rural areas. On the obstacles of cooperative societies, it was decided that members and management must work together and favorable policies should be made for cooperative societies which will help in their development. Membership growth campaign was also emphasized. Membership growth campaign is an initiative aimed at increasing the number of members of an organization or party. This campaign can be run in various ways, such as contacting people personally, or by organizing special programs in which a large number of people gather.

61	03-07-2025	DISTRICT COOPERATIVE OFFICE	All Block Of Garhwa	PACS LAMPS	DCO GARHWA	International Cooperative Year 2025	GARHWA PACS OFFICE	Under the International Cooperative Year 2025, various activities in the cooperative sector have been started from 01 to 06 July, of which today is the third day. On 03-07-2025, the programs in the work area of the committee by all special types of committees are as follows 1. Discussion on cooperation 2. Our strengths and weaknesses 3. Discussion on future planning and cooperative movement 4. Essay competition in schools. 5. Debate competition The program was organized by the cooperative extension officers in the work area of all MPCs of their respective blocks.	Co-operation is an organizational structure in which people work together with mutual cooperation and common purpose. This promotes economic development in both rural and urban areas. Our biggest strength is our unity and spirit of cooperation through which we can achieve any goal. But lack of time management and technical awareness are our weaknesses which need to be improved. In future, self-employment, agricultural development and women empowerment should be given priority through co-operation. Participation of youth is necessary to strengthen the co-operative movement. Essay competitions conducted in schools are an excellent medium to highlight the creativity and thinking power of children. This also increases awareness among students about social issues.	9	01:00	Cooperatives have provided economic strength to farmers, weavers and small entrepreneurs. This has promoted self-reliance and social equality at the local level. Many difficulties have been overcome through our unity and collective efforts. This has improved efficiency. Plans made for the future have given a new direction to cooperatives. Essay competitions have developed the thinking, writing and reasoning abilities of students. As a result, awareness of social and national issues has increased among students.		
62	04-07-2025	DISTRICT COOPERATIVE OFFICE	All Block Of Garhwa	PACS LAMPS	DCO GARHWA	International Cooperative Year 2025	GARHWA PACS OFFICE	In the office of Garhwa District Cooperative, various activities of the cooperative sector have been started from 01 to 06 July under the International Cooperative Year 2025, of which today is the fourth day. On 04.07.2025, the programs in the area of work of all special types of committees by the committee are as follows 1. Training on computerization of PACS / MPCs 2. Training on CSC activation 3. All MPCs whose CSC ID has not been created or CSC ID has not been activated. All of them should be present.	Computerization of PACS provides transparency in work, speeds up the working of PACS and ensures smooth functioning. This training gives employees the ability to work on digital platforms. PACS members learn effective operation of digital services through training on CSC (Common Service Centre) activation. This will help in providing government services to citizens in rural areas. Identifying such PACS, creating and activating CSC ID as soon as possible is a priority. This will enable all PACS to connect to the digital service network and provide facilities to people.	12	01:00	After the computerization training of PACS, the functioning of PACS has become more transparent, faster and record based. Digital operations have improved financial discipline and reporting capacity. With the training, PACS representatives are now able to effectively run digital services such as bill payment, certificates, applications etc. Due to this, rural citizens have started getting facilities near their homes and concrete steps have been taken to identify those PACS committees whose CSC ID was not created or was not activated and to create and activate the ID. Due to this, all PACS are able to provide services by connecting to the digital platform.		

#	Date	District/Federation Name	Location Address (for example - District, Block, Panchayat, Village)	Sector (PACS/DCB/SICB/Dairy/Fisheries etc.)	Name of the Office (DCO office/AR Office/Federation Office)	Name of the activity (Seminar, Conference, Workshop and any other activities and training for cooperative societies)	Place of Activity	Brief about activities	Objective	No. of Participants/attendee (in number only)	Event/Activity duration (in days only)	Achievements & Outcomes	Photograph-1	Photograph-2
