

Monthly Activities Report from Telangana.

Criteria	Details
Sector	Primary Agriculture Cooperative Societies
Location	PACS Mothkur, Vikarabad, Telangana
Event/Activity Name	Fertilizer Drone spray facilities to Farmers/members in PACS Mothkur and as well as providing facilities to other farmers in Doma Mandal.
Brief Information on the Activity	Providing awareness on fertilizer drone facility is not a single location but a collection of specialized equipment, technology, and services used for precision agriculture. This includes the drones themselves, ground stations, and software platforms for planning, monitoring, and operating the fertilization process. In this Program DCO Vikarabad & Cooperative Dept., & PACS Mothkur Directors & staff alongwith Farmers/Members participated.
Objective	To foster a profound belief in the principles of Cooperatives and to furnish exemplary facilities for Farmers and Members. Fertilizer Drone facilities provide benefits to farmers, such as increased efficiency, water savings, and precision application, leading to reduced costs and environmental impact. Farmers can access these services through drone on rent purpose.
No. of Participants	150
Achievements & Outcomes	Fertilizer drones deliver precise, timely, and targeted fertilizer application, reducing waste and chemical runoff, which boosts crop yields and profits while lowering labor costs and environmental impact
Photographs & AV Content	    
Additional Remarks	Fertilizer Drones offer enhanced operational efficiency and sustainability in modern agriculture, leading to improved overall land productivity and providing a competitive advantage for farmers
