On this occasion, a reunion of all members—from the founding days to the present—was held. The event featured cultural programs, and the executive committee honored senior members of the society with shawls and gifts. Following this, the senior members shared various experiences from the society's proud 60-year journey in the cooperative service sector.</p> <p>Started in 1993 with a surprisingly modest loan of just 10 rupees, this credit co-operative society today provides loans up to ₹7 lakh to its members, along with an equal amount of personal insurance coverage. The society also bears the maximum cost of the insurance premium. During the difficult period of COVID-19, the society extended emergency special loans to its members at nominal interest rates.</p> <p>Before 1990, for several years, the society distributed essential commodities like grains, cooking oil, and kerosene to its members during times of scarcity. This distribution, especially of oil and grains, continues to this day. The society also provides an additional loan of ₹1.08 lakh for the purchase of household items.</p> <p>This zero-NPA society, which complies with cooperative norms, has consistently maintained an "A" grade in audits over the years. Each year,</p>

	<p>it honors students who pass standards 10 and 12 with useful educational gifts.</p> <p>Former member and special guest of the event, Honorable MP of Kheda district, Mr. Devusinh Chauhan, fondly recalled his time and sweet memories with the members during his career at Akashvani Ahmedabad. He praised the outstanding work of the society and extended best wishes to all members, expressing hope that the society would continue its excellent service in the future.</p> <p>Padma Shri Tusharbhai Shukla, former Director General of All India Radio, also expressed his gratitude to all present and extended his best wishes to keep this cooperative institution alive with the same spirit of familial unity.</p>
